### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:
2. Claims 20-26 are allowed.
3. In view of applicant's amendments and arguments, the section 112, first and second paragraph rejections, the section 102 rejection over Babcock, and the section 103 rejection over Babcock of the Office Action mailed on 11 August 2004 are withdrawn.
4. Applicant's amendments and arguments clarify that the "hydrocarbon spacer chain" of Claim 20 and the spacer chain of formula (III) of Claim 21 bond to the  $\text{SO}_3$  or  $\text{SO}_4$  group, designated by  $\text{R}^0$  in the respective claims.
5. Neither the reviewed prior art nor the prior art of record teaches or suggests the claimed subject matter. Particularly, the prior art does not teach or suggest the claimed polymer supported catalysts wherein the spacer chain is a hydrocarbon group or a group designated by formula (III) of Claim 21. Applicant refers to spacer chains being hydrocarbon groups and meeting the requirements of formula (III) of Claim 21 in the paragraph bridging pages 5 and 6 of the Specification.
6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
